460 graphic button choices

92 control families. Five distinct alternatives per row. Review concepts only.

CHOOSE BY COORDINATE

Use the column letter and global row number, such as B3 or E7.

Coordinates stay unique across the whole book. Zoom in to compare lettering.

A Sculpted chrome and pinstripe

B Vintage enamel speed-shop badge

C Dimensional flame lettering

D Tire-rubber racing and stencil

E Art-deco streamline emblem

Review notes

Row 22 proposes DYNO TUNE for the existing button mislabeled SWAP MEET.
Row 85 proposes TIMING -1° after image generation rejected the existing ignition-retard wording.
Toggle/replay controls show their primary headline; alternate states need matching art after selection.
Dynamic names, prices and stages stay supporting data. Row 50 uses the shorter GUIDED PRACTICE.
These are generated artwork concepts, not implemented production assets.
